The sharing of certain elements of expenditure between the MRPL, KIOCL and NMPT is duly considered as per the agreements between them. The final rate for the year 2009-10 has been worked out based on the actuals and has been fixed at ₹67.42 per MT.

4. The NMPT has informed that KIOCL after verification of calculation of wharfage has confirmed in writing that the wharfage rate for iron ore fines / pellets handled by it in the year 2009-10 is ₹67.42 PMT. It has also furnished a copy of the letter No.KIOCL/FAC/MR/6081 dated 23 March 2011 addressed by KIOCL to NMPT in this regard.

5. Since both the parties have undergone the process of mutual consultation between them and the correspondence between them reflects the views of both the parties, a separate hearing in this case is not considered necessary.

6. The proposed wharfage rate is based on agreed methodology. Since both the parties have agreed to the proposed wharfage rate, this Authority is inclined to approve the rate proposed by the NMPT.
